Swipe Card Time Clock System - Ethernet

GREEN SOLUTION

A quick start to the work day.

The **TimeTrax™ Elite Swipe Time Clock System** simplifies and automates employee time and attendance processing. The system uses magnetic stripe swipe cards to instantly record employee punches. Keypad enables optional supervisor-approved pin number entry. Manages weekly, bi-weekly, semi-monthly, or monthly pay periods. Includes TimeTrax™ time and attendance software download and 50 swipe cards.   Edit employee time cards and run reports including: *Time Card, Attendance, Employee Punch, Detail Payroll, Employee Detail, Hourly Summary* and *Employee Seniority* reports. Automatically calculates employee hours, overtime and holiday hours. Creates export files for most major payroll providers, including *ADP®, Fidelity®, Heartland®,* and *PayChex Preview®.* -----> Directly syncs with Quickbooks®. Simple to setup and easy to expand with employee upgrade packages, additional swipe cards, and/or PSDLAUBTK Add-On Time Clock Terminals.
